SENATOR DECAMP: Mr. President, very briefly, I'm not going to say much on this and may make a closing after I hear the debate. I offer this motion because "I was on the prevailing side," and as you know in a reconsideration you have to "be on the prevailing side." Senator Johnson and a number of others felt the issue wasn't fully understood by the body or fully appreciated. Since it is something so significant I thought they should get their two cents in, and as I say, any additional comments I have I'll make when I make a closing on this motion. I hope you will discuss it fully. Some would say it got discussed fully last time. In view of the fact that it impacts the entire body I think those that are affected most ought to get their say in and get it clearly and everybody ought to listen. So I would turn the rest of my time over to Senator Johnson and whoever else is...well, he can go from there.
